Security

The CTA has a strong commitment to customer security. In addition to uniformed and plain-clothes police who patrol buses and trains, the CTA contracts with private companies including roving canine patrols. If you need to communicate directly with CTA personnel:

On each rail car, there is a two-way intercom system that allows customers to talk to the rail operator in an emergency. It is located near one doorway of each car, next to a blue sign that reads *Emergency Use Only*. Use the intercom to report suspicious or unusual activity, or unattended items to the rail operator.

At each rail station, Customer Assistant Call Buttons are located near the turnstiles and on the platform. Push the button to call for assistance at your location.
